The Community Foundation *for* Greater New Haven makes grants that respond to community needs through support to non-profits that provide critical services and present opportunities that improve the quality of life and carry out the intentions of donors in The Foundation's twenty town region.

Grants from donor advised funds are made with the participation of donors. Grants made from designated funds support specific organizations as expressed by individual donors or organizations. Scholarship funds distribute grants to educational institutions on behalf of students for secondary and post-secondary education and training. Grants are also made through competitive processes by the Foundation Board using named funds which express a broad preference or give full discretion (unrestricted use) to the Board of Directors.

- = Donor Advised
- = Preference
- = Unrestricted
- = Designated
- = Scholarship
- = Organization Endowment
