

# Kate Houlihan, CRIS, CWCA

Vice President

With over 30 years of insurance experience, Kate is well-versed in the challenges that face health care, non-profits, manufacturers and life science organizations. Working with a diverse group of industries allows Kate to bring a creative approach when servicing them. She takes pride in developing a policy that is customized to meet her client's needs while protecting their assets and saving them money. Her in-depth knowledge of specialty products and exposures, including professional liability, management liability and workers' compensation coverage, has greatly benefitted non-profits and manufacturers.

Additionally, Kate is heavily involved in the community and has served as a volunteer, board member and consultant for a wide variety of non-profits. She has seen firsthand the importance of financial sustainability, organizational development and risk management services for the organizations she works with. This allows her to make proactive decisions relating to her clients and their risk. Colleagues praise Kate for her initiative and willingness to go above and beyond when it comes to meeting a need.
